Hewlett Packard Enterprise (HPE) announces the winners of the 2019 HPE Partners Awards at its Global Partner Summit in a ceremony to recognise "outstanding performance and accomplishments" across the entire ecosystem.

"We are dedicated to innovating new, collaborative solutions that enable mutual growth together with our partners," the company says. "We have a large network of partners across the globe, and as a company, we are committed to delivering the value, resources and expertise that our partners have come to trust and expect from us."

As HPE puts it, the criteria for choosing a winning partner include excellent financial performance, innovative solutions and driving meaningful business results for shared customers.

The winners are listed below:
