---

Visitors to the Innovations Showcase at InfoComm 2016 in USA gave **Dycap Media Solutions** enough votes to win the *2016 Innovations Showcase People's Choice Award*.

At InfoComm 2016, 18 companies exhibited solutions in the Innovations Showcase, an area on the expo floor for startups (and companies new to the AV industry) to introduce themselves to the InfoComm audience. In addition to demonstrating their solutions, the 18 exhibiting companies competed for the award for best innovation-- as voted on by showcase visitors.

Dycap wins \$10,000 and free exhibit space for InfoComm 2017.

**So what did visitors see that made Dycap a highlight of the Innovations Showcase?**

During the show, Dycap demonstrated its **Perfect Track** software for automating PTZ cameras using motion, edge and facial recognition.
